

SOLUTION BRIEF

Micromedex: Trusted clinical decision support

Micromedex empowers clinicians to deliver efficient, safe, and evidence-based care.

At a glance

- **Evidence-based drug content** with rigorous editorial processes
- Comprehensive resources for **drug interactions, toxicology, IV compatibility**, and more
- **Accessible anywhere:** Desktop, mobile app, and offline capabilities
- Streamlined **EHR integration** and intuitive search tools
- Comprehensive content available: **Medication management, Toxicology management, Patient education**
- Trusted across the care team in over **80 countries**
- Relied upon by **100%** of America's Poison Control Centers, and many more around the world

Why choose Micromedex?

- Updated every day for confidence in reliable and current evidence
- Extensive off-label content to inform decisions
- Provides the full context, including distinct ratings, recommendations, and caveats to ensure a balanced view of benefit and risk
- Helps hospitals achieve digital maturity
- Clients report time savings and improved patient safety
- Leading clinical decision support innovation for over 50 years
 - Accredited content development processes
 - Highest quality evidence available on a given topic
 - Clear and transparent actionable insights

“For 40 years I have relied on Micromedex clinical decision support for the many facilities I have been responsible. During that time, Micromedex has continued to be an industry leader, setting the pace in electronic content delivery as technology advances.”

Robert Fink, Pharm.D., MBA, FACHE, FASHP, BCNSP, BCPS, VP, Pharmacy Services, UofL Health, USA

“When we get a panicked caller, the first thing we do is turn to Micromedex. We trust the quality of the product, that it will have the current information available to guide us through their care. It's a mainstay, integral to what we do.”

Julie A. Weber, RPh, CSPI, Director, Missouri Poison Center, USA

“Micromedex is the highest priority source of information in clinical practice. It is also an indispensable database for pharmacy education.”

Fumiko Ohtsu, Ph.D., Professor, Meijo University, Japan

Micromedex celebrated 50 years in 2024 and has been rated by clients as first in its category in the 2024 Black Book survey, as well as named a 2024 Pharmacy500 company for supporting pharmacy excellence.

These recent achievements build on a strong foundation, including being named Best in KLAS 2023, achieving CMS compendium level status, and receiving recognition for the robust editorial process behind Micromedex.

Supporting diverse needs:

Pharmacy professionals

Whether hospital-based or retail, be prepared for any patient you encounter with evidence-based content, drug interaction checker, calculators and other tools

Nursing professionals

Get fast access to current drug information to address complex drug therapy challenges and support patient safety

Physicians and advanced practice clinicians

Stay current on the latest drug and treatment evidence with daily, reliable clinical updates

Toxicology teams

Quickly identify, manage and treat toxicological exposures with succinct, actionable evidence

Academic users

Assist faculty and librarians to design curriculum and educate the clinicians of tomorrow with the same trusted resources used in practice

Health IT leaders

Help improve patient safety and allow clinicians more time with patients with evidence directly in the workflow

Pharmaceutical professionals

Timely business insights for professionals in pharmaceutical organizations, including access to data on global marketed drugs, with easy reporting and data aggregation

Government teams

Fast insights for regulatory bodies and public health agencies to protect the safety of the population

Health plan teams

Evidence-based drug information for health plan coverage determinations, and drug pricing information for claims adjudication, reimbursement approvals, and formulary decision optimization

Core benefits:

1. **Accurate, reliable content:**

Backed by rigorous review and daily updates, Micromedex delivers information expertly curated from primary literature, that is current, accurate, and aligned with the latest clinical guidelines.

2. **Ease of access:**

Multi-device compatibility and user-friendly interfaces simplify access to critical drug and clinical knowledge.

3. **Workflow integration:**

Seamlessly integrates into major EHR systems, optimizing clinical workflows and enhancing productivity.

4. **Comprehensive support:**

Includes drug interactions, alternative therapies, IV compatibility, and neonatal/pediatric dosing for diverse care needs.

Empowering clinicians globally

Micromedex draws on decades of expertise to provide unparalleled support in clinical environments. Whether at the bedside, in the pharmacy, or in remote settings, Micromedex ensures reliable access to the information needed to make confident decisions. With rigorous editorial practices and a commitment to excellence, it empowers clinicians to make complex care decisions with confidence.
