

## CORE CAPABILITY

# Micromedex toxicology

Answers when seconds matter

Micromedex toxicology, one of the the core capabilities of Micromedex, helps clinicians quickly identify and manage toxicological exposures. It provides reliable, evidence-based information on commercial products, chemicals, drugs, toxic plants, and animals. Micromedex toxicology, also known as POISINDEX, is designed to assist in both common and complex situations, ultimately helping to save lives when time is critical.

## Highlights

Trusted for 50 years, providing key toxicology information to clinicians at their fingertips.

Used by poison centers across the US and around the world.

Continuously reviewed by toxicologists and pharmacists for current and comprehensive content.

Quick and efficient access through a user-friendly interface with various search options.

## What can you do with Micromedex toxicology?

- Intuitively search the database of 470,000+ products and substances
- Use the Search Similar Products feature to narrow your search and save time
- Easily access concise Patient Disposition and Treatment information to help inform patient care
- Quickly view essential product and substance details like active ingredients, excipients, pH level, physical description and more

## Benefits of Micromedex toxicology

- Ensures access to current, evidence-based toxicology data
- Enhances patient care through comprehensive clinical-decision support
- Provides access to clinical effects and range-of-toxicity data
- Allows for at-a-glance product and substance identification
- Delivers current treatment protocols for exposures
- Enables searching by thousands of slang drug terms
- Updates weekly with the most current product data

“When we get a panicked caller, the first thing we do is turn to Micromedex. We trust the quality of the product, that it will have the current information available to guide us through their care. It’s a mainstay, integral to what we do.”

Julie A. Weber, RPh, CSPI  
Director, Missouri Poison Center

## About Merative

Merative provides data, analytics, and software for healthcare and government social services. With focused innovation and deep expertise, Merative works with providers, employers, health plans, governments, and life sciences companies to drive real progress. Merative helps clients orient information and insights around the people they serve to improve decision-making and performance.
